

MORRIS®

CRF-500 FLOWMETER REGULATOR

FIN-TYPE HEATED CO2 FLOWMETER REGULATOR

CRF-500

No-power Required

FEATURES :

- ▶ Machined aluminum body & housing cap.
- ▶ This product can keep the CO₂ warm to prevent freezing of the pressure regulator and noticeable change in pressure or flow.
- ▶ Without using electricity to heat up the regulator.
- ▶ Sintered bronze inlet filter for trapping impurities.
- ▶ With 2.1" pressure gauge.
- ▶ Preset outlet pressure at 3.5 Bar.

SPECIFICATIONS :

Model No.	Gas	Flow Range	Cylinder Pressure	Delivery Pressure
CRF-500	CO ₂	0-25 (Lt./min)	0-315 (Bar)	3.5 (Bar)
